## One Million Dollars Saved In Comparison with Stock Insurance Rates

Michigan is one of the states that has a large and successful mutual automobile insurance company with over 28,000 members with 780 claims paid, and still has a surplus fund of about \$56,000.00.

The Company is well located in a small town and makes a specialty of insuring the automobiles of farmers and the business men of the small towns of Michigan. It started at the right time and is now starting its fourth season of success.

It is the only mutual automobile insurance company that publishes the amount of money on hand to take care of its members and the number of members.

The responsible and active agents are acting for the Company as they do not wish to represent a small company. Why take chances on a small company when you can insure in the big and well established mutual. It is the only mutual company in Michigan that can stand the shock of serious losses and pay the claims promptly with money now in the treasury.

COST ONLY \$1.00 FOR POLICY AND 25 CENTS PER H. P. COVERING FIRE, THEFT AND LIABILITY.

### WOMEN GIVE OUT

Housework is hard enough when healthy. Every Paw Paw woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Paw Paw women's experience:

Mrs. Caroline Kessler, W. Main St., says: "The first symptoms of kidney trouble in my case were headaches and dizzy spells. I was so bad off that the doctor in attendance injected morphine to stop the terrible pains. I had rheumatic twinges which extended up and down my back, through my shoulders and arms and into my neck and limbs. These attacks would come on as often as two or three times a week. My limbs and arms were swollen and I knew I was a sufferer from dropsy. My body became swollen and sore. Two boxes of Doan's Kidney Pills put me on the road to recovery and in six weeks after beginning their use, I was up and around, able to do my housework and take care of my children." (Statement given March 5th, 1918.)

On October 5th, 1916, Mrs. Kessler said: "Doan's Kidney Pills cured me of a severe case of kidney complaint and I feel I owe my life and good health to them."

Will Your Child Develop Nearsight? Myopia—"nearsightedness" is usually an acquired condition caused by excessive use of the eyes while they are growing. It becomes noticeable between the ages of 10 and 16 and unless corrected, continues to grow until about the age of 25 years. Use of glasses for a few years in childhood may prevent nearsightedness requiring glasses throughout life. You ought to have your child's eyes examined. Consultation free. Satisfaction guaranteed.
